

The Marriage Bowl (China) 460#

RICK WILSON

Chinese Marriage Bowl with Decorative Dragons

A bowl like this would make a fine anniversary present for my sweetie.
It reminds me of her.
It is superb.
It is pure and elegant, with exceptional translucency.
And I am reminded of her by the dragons.
Yes, there is quite a bit of dragon in her.
Wait ...

I fear that you may have misunderstood me.
I am not thinking of the high-pitched screams of some dragons.
I am not thinking of the fire-breathing, evil dragons of some cultures.
Rather, I think of Chinese dragons, with magical powers.
Elegant creatures, they curve and swirl in the sky.
They sparkle. They make people happy.
